

NOVEMBER

# Native American *Heritage* Month

November is Native American Heritage Month, also referred to as American Indian and Alaska Native Heritage Month.

The month is a time to celebrate rich and diverse cultures, traditions and histories and to celebrate the important contributions of Native people to the nation. Heritage Month is also the perfect time to educate people about tribes, to raise a general awareness about the unique challenges Native people have faced both historically and in the present, and to help them understand the ways in which tribal citizens have worked to conquer these challenges.
